Dr. van Bakel on the Bemer Horse Set

Learn about the BEMER Horse Blanket and Bemer Horse Belt

INTRODUCTION

Dr. vanBakel will explain the features of the Bemer Horse Blanket and Belt and the unique design features awarded with the Red Dot Design award.

Event Description

The theoretical part will be concluded with soup and a simple meal with rolls and salad bar. During the second part, Dr. vanBakel will invite participants to take part in a live workshop with Icelandic Horses. Participants may actually mount the Bemer Horse Blanket and apply the Bemer Horse Belt on one of the available horses. After the live demonstration participant will return to the presentation room for discussion and questions. The workshop will be concluded with some drinks and snacks. The number of participants is limited, since we want to offer as much as possible, hands on experiences to all participants.
